

Mikki Daniel

Mikki Daniel is loved for her original take on classic songs, her strong rhythm guitar and crystal clear voice. She and her husband, Brody, own and operate a horse training company in the New Mexico Gilas, specializing in ranch versatility, and including day work for adjoining ranches 2-3 days out of the week. This lifestyle has added excitement and depth to her original songs, and brings joy to their daily lives. Her accolades include WMA and AWA Female Performer of the Years, WMA Western Swing Album of the Year, and she made history by being the youngest person to receive the prestigious New Horizons Wrangler Award for her debut CD, "Gotta Be A Cowgirl". She is also a published author (her novel "Girls and Gunsmoke" won Young Adult Fiction Novel of the Year), and the sequel-Vengeance is Mine- is soon to be released. She has three albums with more than 20 original songs along with a few western classics and hymns.
